Orientation

This document specifies two founder-specific protections for Dmytro Tsvyk as Co-founder and Operations Principal of ZAAHI. The structure mirrors Zhan's protection package (the Zhan Protections addendum); both founders receive symmetric, operating-role-linked protections. Zhan's salary is anchored to the Platform (which he leads as CEO/CTO); Dymo's is anchored to the Agency (which he leads as Operations Principal).

The two protections are:

1. **Co-founder Salary Floor** — guaranteed minimum monthly compensation from the Agency operating account while Dymo actively serves as Operations Principal.
2. **Tag-Along Rights and Right of First Refusal** — on any share transfer by Rudi.

These protections are independent of and additional to:

- Dymo's base equity (10 % of Agency pre-Sunset, 33.33 % post-Sunset; 10 % of Platform perpetual) as set out in the Memorandum of Understanding §2 and the Term Sheet §3.
- Dymo's upgraded Agency position at Sunset (10 % → 33.33 % automatically at the Sunset event per the Memorandum of Understanding §4).
- Dymo's 2-year reverse vesting with 6-month cliff (per the Memorandum of Understanding §6).

- Dymo's non-compete and non-solicit commitments (per the Term Sheet).

These protections are codified in a dedicated schedule to the Shareholders Agreement, approved by all three Shareholders. They do not reduce Rudi's economic entitlements or governance rights.

1. Co-founder Salary Floor

1.1 Summary

While Dymo actively serves as Operations Principal of the Agency, the Agency (Dubai Mainland LLC) shall pay Dymo a **monthly salary of not less than AED 30,000–50,000**, calibrated at SHA execution based on the Agency's cash position and the prevailing UAE market rate for Operations Principal / General Manager compensation at a pre-Series-A real estate brokerage.

1.2 Calibration

The specific Co-founder Salary figure within the AED 30,000–50,000 range is calibrated at SHA execution and reviewed annually at the Annual General Meeting. Suggested calibration framework:

Year	Suggested base salary (AED / month)	Rationale
Year 1	30,000 – 35,000	Agency in launch; first deals establishing revenue flow
Year 2	35,000 – 42,000	Agency revenue validated; second agent hired
Year 3	42,000 – 50,000	Multi-agent operation compounding
Year 4+	Market-benchmarked	Benchmark to UAE brokerage Operations Principal market

1.3 Payable source

- Salary is paid **monthly from the Agency (Dubai Mainland LLC) operating account; pro-rated for partial months**.
- Funded from Agency gross commission revenue before any quarterly dividend declaration.
- Tax and social security: treated as employment income under UAE Federal Decree-Law 33/2021; end-of-service gratuity accrued per UAE Labour Law.

1.4 Conditions

- Payable while Dymo actively serves as Operations Principal (inclusive of role evolution — Head of Sales, General Manager, or similar operational title — as the Agency matures).
- Suspended if Dymo voluntarily takes extended leave of absence exceeding 30 consecutive days (except for medically-justified leave or Board-approved sabbatical).
- **Terminated** if Dymo voluntarily resigns.
- **Terminated** if Dymo is terminated for Cause (as defined in the Shareholders Agreement).
- **6 months' severance** paid as a lump sum or monthly continuation (at Dymo's election) if Dymo is terminated without Cause.

1.5 Priority

The Co-founder Salary is a priority operating expense of the Agency. It accrues monthly and must be paid before any quarterly dividend declaration. If in any quarter the Agency's cash position cannot support both the salary and a dividend, the salary is paid first and the dividend is deferred or reduced.

2. Tag-Along Rights and Right of First Refusal on Rudi transfers

2.1 Summary

If Rudi proposes to transfer any of his shares (in either the Agency or the Platform) to a third party, Dymo is entitled to:

- **Tag-Along Right** — sell a proportional amount of his own shares in the same entity on the same terms; and
- **Right of First Refusal (ROFR)** — match the third-party offer and acquire Rudi's shares instead.

These rights apply in parallel with Zhan's equivalent rights (the Zhan Protections addendum §2) and any Company-level ROFR.

2.2 Exercise mechanics

- **Notice period:** minimum 30 days from Rudi's transfer notice.
- **Exercise window:** 30 days.
- **Sequencing:** Company ROFR → Zhan + Dymo ROFR (pro-rata) → Zhan + Dymo Tag-Along (pro-rata) → third-party transfer.

- **Permitted transfers** (wholly-owned entities, family estate planning, consented transfers) are exempt.

Detailed exercise language is deferred to SHA drafting by UAE counsel.

3. Summary of Dymo's protection package

Protection	Value	Section
Equity — Agency (pre-Sunset)	10.0 %	the Memorandum of Understanding §2
Equity — Agency (post-Sunset)	33.33 %	the Memorandum of Understanding §4
Equity — Platform	10.0 % (perpetual)	the Memorandum of Understanding §2
Co-founder Salary Floor	AED 30,000 – 50,000 / month from Agency	This Addendum §1
Severance without Cause	6 months (lump sum or continuation)	This Addendum §1.4
Tag-Along on Rudi transfers	Proportional participation	This Addendum §2
ROFR on Rudi transfers	30-day option to match	This Addendum §2
Founder vesting	2 years / 6-month cliff	the Memorandum of Understanding §6
Non-compete	12-month post-departure	the Term Sheet §17

4. Symmetry with Zhan's protections

Zhan and Dymo receive structurally identical protection packages, differentiated only by the entity anchor. See the Zhan Protections addendum §4 for the side-by-side table. Both founders draw salaries from the entity they lead; neither protection displaces the other.

5. Open items for UAE counsel

To be finalised at SHA execution:

1. **Co-founder Salary Floor calibration** — Year 1 figure agreed by the Board at SHA execution; framework for annual review at AGM.
2. **Employment contract** — Dymo's separate employment contract with the Agency, incorporating the Salary Floor and customary executive-employment terms (expense reimbursement, benefits, gratuity, confidentiality).
3. **Severance clause** — definition of "Cause" and mechanics of the 6-month severance obligation; alignment between Zhan's and Dymo's definitions.
4. **Tag-Along and ROFR sequencing** — precise procedural language.
5. **UAE CT / VAT treatment** — of Agency salary payment; gratuity accrual at Agency entity level.

End of Dymo Protection Addendum. To be incorporated as a schedule to the Shareholders Agreement at execution, alongside Zhan's parallel addendum.
