One hook. One deal. One page.

UAE real estate is a AED 760 billion annual transaction market fragmented across government systems and hundreds of brokerages. ZAAHI is the operating system that unifies it. Live today at zaahi.io. Rudi's AED 1,000,000 launches the agency arm, funds platform development from 70 % of every agency profit, and takes Rudi to majority control of the agency with a built-in sunset mechanism that converts to minority once Rudi has received 2× in cumulative distributions — or after five years — whichever comes first.

The Challenge

UAE real estate — AED 682.6 billion in 2025, on pace to exceed AED 1 trillion in 2026 — operates across disconnected silos: DLD, RERA, DDA, Abu Dhabi Municipality, ADGM, DIFC, VARA, and hundreds of brokerages. A single transaction touches ten or more systems. AI, blockchain, and 3D geographic intelligence remain experimental. The platform that unifies this market wins the decade.

The Platform

ZAAHI is built on the **Master Tree v3** — 85 integrated modules across 12 functional blocks. In production today: **114 verified parcels** loaded, **556 000 plots** mapped across Dubai, Abu Dhabi, and Oman via PMTiles, 3D ZAAHI Signature visualisation, the Archibald AI assistant, a tiered Ambassador program

already generating fees, and Phase 1 dashboards for Owners, Buyers, and Brokers. Approximately **6-8 % of the Master Tree is live** today; the remaining 92 % is sequenced across a multi-year roadmap, funded from agency cash flow.

The Team

Zhan Ryspayev — Founder, CEO/CTO. 17 years real estate; full-stack engineer; RERA-licensed; architect of the ZAAHI platform and Master Tree v3 vision.

Dymo Tsvyk — Co-founder, Operations Principal. 18+ years global operations leadership at Stolt-Nielsen and Bahri; in UAE real estate since 2018; RERA-licensed.

Rudi — Principal Investor, Board Member. AED 1,000,000 commitment; majority owner of the agency until Sunset; one board seat of three.

The Deal

Equity

Entity	Rudi	Dymo	Zhan
Agency (Dubai Mainland LLC)	80 %	10 %	10 %
Platform (ADGM HoldCo)	10 %	10 %	80 %

Profit distribution (agency, per quarterly distribution)

Destination	Share
Platform Development Fund	70 %
Rudi	10 %
Dymo	10 %
Zhan	10 %

Sunset Clause — control returns to founders

Triggers on the earlier of **(a)** Rudi receiving cumulative distributions from both entities totalling **AED 2,000,000** (2× Investment), or **(b) five years** since SAFE execution. Upon trigger, Rudi's agency equity automatically reduces from 80 % to 10 %. The released 70 percentage points redistribute equally to Dymo (+35 pp) and Zhan (+35 pp). Post-sunset agency cap table: Rudi 10 % · Dymo 45 % · Zhan

45 %. Platform cap table and the 70 / 10 / 10 / 10 profit split are unchanged post-sunset — Rudi retains his 10 % profit share and his 10 % Platform upside.
