Purpose

This package supports the formal close of Rudi's AED 1,000,000 investment into ZAAHI. Documents are designed for the **Sunday 2026-04-19 meeting in Al Jurf**, the Monday 2026-04-21 agency-documents submission, and the Shareholders Agreement close thereafter.

ZAAHI is an operating company with a live production platform at zaahi.io. The investment formalises a partnership that emerged organically after Rudi experienced the product and technology on April 17, 2026.

Positioning note

The package reflects a **three-way equal-partnership Agency with a founder-controlled Platform**. Rudi enters as one of three equal Agency partners (33.33 % each with Dymo and Zhan); Platform is held by Zhan (80 %) with Dymo + Rudi at 10 % each. Every Agency deal routes 70 % of net profit to Platform development via a tax-deductible inter-company Service Fee and 10 % each to Rudi, Dymo, Zhan in personal cash distributions. The structure has no sunset clause, no automatic rebalance — three partners aligned for the lifetime of the Agency. Tax-efficient by design: target combined effective tax rate 0-9 % across Agency, Platform, and shareholder layers.

Document index

#	Document	Purpose	Signing Sunday?
1	README.md	This index. Orientation, agenda, Q&A.	—
2	EXECUTIVE_SUMMARY.md	One-pager. Reads first; shareable with counsel.	No — reference
3	PITCH_DECK_v1.md	18-slide narrative (markdown source for Figma render).	No — presentation
4	MOU_RUDI.md	Non-binding Memorandum of Understanding. Rudi signs Sunday; covers structure, vesting, IP transfer.	Yes — Sunday 19 April
5	TERM_SHEET.md	Indicative commercial terms for the Post-Money SAFE. Clause-by-clause legal / plain English / rationale.	No — counsel-reviewed and signed post-MOU
6	FINANCIAL_MODEL_V1.md	Excel template structure. Revenue, OpEx, cashflow, distribution waterfall, tax efficiency analysis.	No — for discussion & Excel build
7	LAUNCH_PLAN.md	Operational playbook for the first 12 months.	No — operational reference
8	PROFIT_DISTRIBUTION_MECHANICS.md	How the 70 / 10 / 10 / 10 split works; three-layer tax efficiency design.	No — informs SHA drafting
9	ZHAN_PROTECTIONS.md	Founder protection addendum — Zhan (Salary Floor + Tag-Along / ROFR).	No — informs SHA drafting
10	DYMO_PROTECTIONS.md	Co-founder protection addendum — Dymo (symmetric to Zhan, Agency-anchored).	No — informs SHA drafting

#	Document	Purpose	Signing Sunday?
11	Q_AND_A_PREP.md	Anticipated Rudi questions with direct answers.	No — internal prep

Reading order for Rudi

Allow ~90 minutes for full package review.

1. **EXECUTIVE_SUMMARY.md** (5 min)
2. **PITCH_DECK_v1.md** (15 min)
3. **MOU_RUDI.md** (5 min) — the document Rudi signs Sunday
4. **TERM_SHEET.md** (20 min)
5. **FINANCIAL_MODEL_V1.md** (10 min)
6. **PROFIT_DISTRIBUTION_MECHANICS.md** (10 min) — including \$8 Tax Efficiency
7. **ZHAN_PROTECTIONS.md** (5 min)
8. **DYMO_PROTECTIONS.md** (5 min)
9. **LAUNCH_PLAN.md** (10 min)
10. **Q_AND_A_PREP.md** (5 min)

Sunday 2026-04-19 Al Jurf meeting — agenda

Venue: Al Jurf, UAE. Approximate duration: 2 hours.

Segment	Lead	Outcome
Welcome + context-setting	Zhan + Dymo	Rudi is oriented; the package is in hand
Product live demo on laptop	Zhan	zaahi.io behaves exactly as April 17
Pitch deck walkthrough (slides 1-18)	Zhan + Dymo	Complete understanding of product, market, team, strategy
Master Tree v3 visual — 10-year roadmap	Zhan	Rudi sees what the AED 1 M unlocks beyond Year 1
Term Sheet clause-by-clause review	Dymo leads	Each clause confirmed by Rudi or flagged for counsel
Financial model + tax efficiency discussion	Zhan leads	Year 1-5 trajectory and three-layer tax strategy agreed
Q&A	All three	No unanswered question goes home
MOU signature	All three	MOU signed; counsel engagement confirmed

Signing sequence

Sunday 2026-04-19	→ MOU signed by all three Parties at Al Jurf
Monday 2026-04-21	→ Agency formation documents submitted (DED name reservation, draft AoA, KYC)
First weeks	→ UAE counsel engaged (fast-track firm for MOU + SAFE review)
2-4 weeks from submission	→ Dubai Mainland LLC registered; RERA company broker licence in parallel
Upon entity completion	→ Post-Money SAFE executed; AED 1,000,000 wired
June – July 2026 target	→ First agency deal closed (DLD transfer certificate); ADGM HoldCo formation triggered upon first closed deal
After first closed deal	→ First profit distribution on the quarterly cadence per SHA Dividend Policy
Later	→ Shareholders Agreement executed with top-tier counsel

What Rudi takes home Sunday 2026-04-19

A printed and bound physical package in the following order:

1. This **README.md** — orientation and agenda.

2. **EXECUTIVE_SUMMARY.md** — one-pager.
3. **PITCH_DECK_v1.md** — 18 slides printed one-per-page on A4 landscape (or PDF on tablet).
4. **MOU_RUDI.md** — to be signed (three signature blocks + optional witness).
5. **TERM_SHEET.md** — for clause-by-clause review.
6. **FINANCIAL_MODEL_V1.md** — specification (with Excel / Google Sheets file URL on the cover page).
7. **LAUNCH_PLAN.md** — operational 12-month roadmap.
8. **PROFIT_DISTRIBUTION_MECHANICS.md** — dividend mechanics + three-layer tax design.
9. **ZHAN_PROTECTIONS.md** — Zhan's protection addendum.
10. **DYMO_PROTECTIONS.md** — Dymo's protection addendum.
11. **Q_AND_A_PREP.md** — anticipated questions, answered.

Binder cover: navy leather or premium stock, gold-foil ZAAHI wordmark, "CONFIDENTIAL · Prepared for Rudi · Sunday 2026-04-19 · Al Jurf" in subtle gold footer.

Also provided: - USB-C memory stick with the same content as PDF + Excel model. - Link to a Google Drive shared folder (view-access controlled). - Three signed paper copies of the MOU (one per Party).

Legal counsel recommendations

Two-firm split is standard for this kind of close:

Fast-track (MOU + SAFE review, first weeks) - Crimson Legal — startup-focused, pragmatic pricing (AED 40-100k range). - **Kayrouz & Associates** — tokenisation + financial services specialist (AED 50-120k range).

Top-tier (SHA, AoA, entity governance) - Al Tamimi & Company — regional leader, strongest corporate + RE + TMT bench (AED 150-300k range). - **Hadeef & Partners** — top local UAE firm (AED 100-200k range).

Exact firm selection is Zhan + Dymo's call based on initial consultation.

Q&A preparation — likely Rudi questions

Full list with detailed answers in [Q_AND_A_PREP.md](#). Abridged here:

On ZAAHI product

Q: What is actually live today? A: zaahi.io in production with 114 parcels, 556,000 plots mapped across Dubai + Abu Dhabi + Oman via PMTiles, 3D ZAAHI Signature, Phase 1 dashboards (Owner/Buyer/Broker), tiered Ambassador program generating platform fees, Archibald AI assistant, feasibility calculator.

Q: How much of the Master Tree is built? A: Approximately 6–8 % by section count. 2 of 85 sections fully built, 19 partial, 16 stubbed, 48 not started.

On the investment

Q: Why 33.33 % equity and not 10 % or another share? A: Equal three-way partnership reflects shared risk and shared reward. Rudi contributes the AED 1 M that makes the Agency possible; Dymo contributes operational execution; Zhan contributes the technology platform. One-third each is the cleanest framing. Implied Agency post-money valuation: AED 3,000,000 (AED 1 M / 33.33 %).

Q: Why 10 % of the Platform? A: Zhan built the entire Platform before this deal — 17+ months of senior-engineer work, the entire Master Tree architecture, the production codebase. The 80 % Platform position recognises that. The 10 % Platform grant to Rudi (and 10 % to Dymo) is a package term that lets Rudi participate in Platform upside since 70 % of Agency profit is routed to Platform development — the Platform is indirectly funded by Rudi's capital.

Q: How does profit distribute? A: Every quarter, after costs, taxes, and a 3-month reserve, Agency net profit splits **70 / 10 / 10 / 10** — 70 % to Platform (as a tax-deductible Service Fee), 10 % each to Rudi, Dymo, Zhan in personal cash. Fixed for the lifetime of the Agency. First distribution after first closed deal (June–July 2026 target).

On governance

Q: Do I get a board seat? A: Yes. Three-director Board: Zhan, Dymo, Rudi. Ordinary Board matters by simple majority (2 of 3). Reserved matters (sale, dissolution, SHA amendment) require approval of at least 2 of 3 Shareholders. No one has unilateral veto; any two Parties agreeing carries the motion.

Q: What about future dilution? A: Two-phase protection. Before Series A: weighted-average (broad-based) anti-dilution if ZAAHI raises below the AED 3 M Agency valuation. After Series A first closing: pro-rata participation rights — Rudi may invest alongside new investors at the same price to maintain his percentage (10 % floor), with his own capital.

On tax and exit

Q: How much of my profit share actually reaches me after tax? A: UAE has no personal income tax. The three-layer design targets 0–9 % combined effective

rate: Agency Small Business Relief (0 %) in Year 1; Platform Qualifying Free Zone Person (0 % on qualifying income); shareholder level (0 %). Of every AED 1,000,000 gross Agency profit, approximately AED 910,000–1,000,000 flows to Platform + shareholders after UAE tax. Rudi's AED 100 K personal distribution is received in full from UAE perspective, subject to any foreign withholding based on Rudi's tax residence.

Q: What's the exit scenario? A: M&A (Years 3–5, likely buyer is a regional incumbent); Series A / B growth equity (secondary liquidity); IPO (Years 5–10). Rudi receives the greater of 1× liquidation preference (AED 1 M) or his pro-rata share (33.33 % Agency, 10 % Platform). Quarterly distributions during the hold period provide ongoing cash return.

Non-negotiable principles

These inform every document in this package.

1. **Rudi is an equal Agency partner.** 33.33 % of Agency, 10 % of Platform, AED 1,000,000 commitment, 1 board seat of 3.
 2. **Zhan has absolute operational authority over the Platform** (ADGM HoldCo), anchored by his 80 % Platform holding.
 3. **Dymo has operational authority over the Agency** (Dubai Mainland LLC) as Operations Principal, with 33.33 % equity.
 4. **Every agency deal profit is split 70 / 10 / 10 / 10** — 70 % Platform (tax-deductible Service Fee), 10 % each to Rudi, Dymo, Zhan. Fixed for the lifetime of the Agency.
 5. **Tax efficiency by design** — three-layer strategy (SBR Y1 + QFZP Platform + 0 % personal) targets 0–9 % combined effective rate.
 6. **ZAAHI is one company, two entities.** Agency is the immediate revenue engine; Platform is the long-horizon asset.
 7. **Self-sovereignty is architectural.** Every piece of tooling ZAAHI uses is chosen with a migration path to own infrastructure.
 8. **Additive only for Master Tree.** 85 sections are the canonical surface; we add, we refine, we never delete.
-

What remains for Zhan + Dymo to refine before Sunday

1. **Rudi's legal vehicle.** Personal vs SPV vs family office. Affects KYC and SAFE signatory block.

2. **Platform QFZP status confirmation.** Counsel to confirm QFZP qualifying-income characterisation for inter-company Service Fee; transfer-pricing documentation deliverable.
3. **Salary floor calibration.** Year 1 figure agreed within the AED 30,000 – 50,000 range per [ZHAN_PROTECTIONS.md](#) §1.2 and [DYMO_PROTECTIONS.md](#) §1.2.
4. **First-deal trigger for Platform entity formation.** "First closed agency deal = DLD transfer certificate". Confirm.
5. **Office location.** Decision on Agency office lease (central Dubai / Abu Dhabi / other).

Gaps requiring professional legal review

- **SAFE tax treatment** under UAE CT regime. Dual-entity allocation (33.33 % Agency + 10 % Platform) from single AED 1 M SAFE needs counsel sign-off.
 - **Anti-dilution formula** — weighted-average (broad-based) until Series A; counsel to confirm exact clause language.
 - **Platform QFZP status** — counsel determination on qualifying-income characterisation for the inter-company Service Fee; transfer-pricing study required.
 - **Dividend Policy clause language** — per [PROFIT_DISTRIBUTION_MECHANICS.md](#) §9.
 - **Inter-company funding mechanism** (70 % flow Agency → Platform) — Service Agreement vs capital contribution, arm's-length documentation.
 - **RERA Broker Card transition** — individual cards (held by Zhan and Dymo today) are not transferable; sequence re-issuance under new LLC.
 - **Abu Dhabi nexus** — if Agency office is located in Abu Dhabi, ADREC registration required or AD branch of Dubai LLC.
